ABOUT US

The Company started business as a Cast Iron Casting manufacturer in 1994. Later on, the Company was named On Top Company Limited and has been in the business of designing and manufacturing Aluminum Die-casting & Extrusion, including CNC machining parts since then.

With more than 24 years of experience and 150 employees, we provide solutions to all Die-casting components depending on our customer's needs and are specializing in Precise CNC Machining, Surface Finish, Anodizing and Plating.

MISSION & VISION

With the commitment for sustainable development, Our Mission is to improve our customer satisfaction by delivering excellent services and high quality products according to the product specifications and customer's requirements.

Our Vision is to be a leading company in providing industrial products and services with international standards for successful local and global companies.

PER INDUSTRY

ONTOPS TOTAL INDUSTRIAL SOLUTION

Aluminum Die-Casting/Extrusion

> 14 Extrusion lines with a capacity of 80T to 1200T

CNC Workshop

> Size of Latches machine (350~1200mm):12

> > 750mm):22

M/C

Size MC (500x400x350 ~ 2200x1200x

Injection Workshop

(OEM, LED, Motor,

8 Machines Clamping Force from 25T~420T Steering Wheel)

120 Operators

Tester: 32 sets Jigs: 120 sets

Quality Control

12 employees

CMM, Material Properties, Thickness, Lumen measurement, High Volt test

Engineering & Design Team

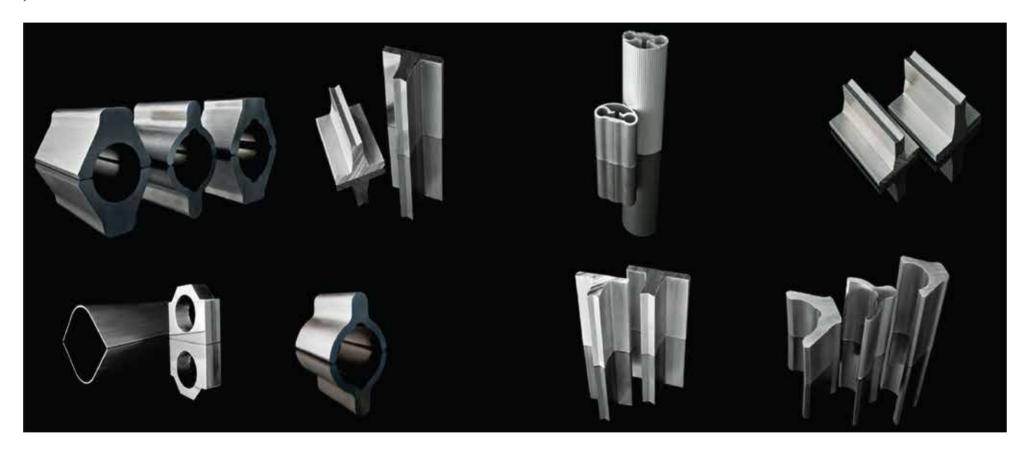

> 8 Design Engineers
